### Adjustable vertical containment

System that allows bars to be housed on support surfaces.

### Surface in nonslip PVC

The surfaces are covered with soft nonslip PVC, which provides safe support for carrying the profiles.

### Pivoting wheels

Equipped with 4 pivoting wheels with brakes, they ensure a high degree of mobility and easy handling of the object. Locking the braking units allows their position to be fixed near different work areas.

## BAR / PROFESSIONAL TROLLEYS

## CHARACTERISTICS

|  |         |
|--|---------|
| Soft PVC contact surface                                 | ●       |
