

Stack

Professional trolleys

Trolley dedicated to horizontal transportation and storage of cut profiles.

**Contact surfaces**

All contact surfaces are coated with soft nonslip PVC, which ensures the integrity of the surfaces in the housing stages.

**Adjustable centre supports**

The adjustability of the centre supports allows extrusions of different lengths to be accommodated, facilitating their identification.

**Pivoting wheels**

Equipped with 4 pivoting wheels with brakes, they ensure a high degree of mobility and easy handling of the object. Locking the braking units allows their position to be fixed near different work areas.

**STACK / PROFESSIONAL TROLLEYS****CHARACTERISTICS**

| | |
|---|----------------------------------|
| Soft PVC contact surface | <input checked="" type="radio"/> |
| Number of compartments | 10 |
| 4 low-wear swivel casters, 2 of which with locking (mm) | Ø = 125 |
| Adjustable centre supports | <input checked="" type="radio"/> |
| Length (mm) | 1.800 |
| Width (mm) | 860 |
| Height (mm) | 1.950 |
| Load capacity (kg) | 500 |
| Weight (kg) | 55 |
