TECHNICAL SHEET

14/09/2025

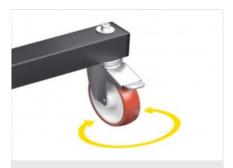

Adjustable vertical containment

System that allows bars to be housed on support surfaces.

Surface in nonslip PVC The surfaces are covered with soft nonslip PVC, which provides safe support for carrying the profiles.

Pivoting wheels

Equipped with 4 pivoting wheels with brakes, they ensure a high degree of mobility and easy handling of the object. Locking the braking units allows their position to be fixed near different work areas.
